

Name	Component	Value	Notes	
R1	Resistance	1k Ω		
R2	Resistance	9.7k Ω		
R3	Resistance	4.7k Ω		
R4	Resistance	9.7k Ω		
R5	Resistance	9.7k Ω		
R6	Resistance	9.7k Ω		
C1	Ceramic capacitor	10nF	This is the cap you can desolder on the ULN board	
C2	Ceramic capacitor	10nF	This is the cap you can desolder on the ULN board	
C3	Ceramic capacitor	10nF	This is the cap you can desolder on the ULN board	
C4	electrolytic capacitor	470uF		
C5	Ceramic capacitor	100nF		
C6	electrolytic capacitor	1000uF		
Q1	ULN2003		I suggest using the IC socket from the ULN board	If the IC is on the same side as the JST connector (the bottom left pad is a square)
Q2	ULN2003		I suggest using the IC socket from the ULN board	
Q3	ULN2003		I suggest using the IC socket from the ULN board	
Ports	Number		Notes	
JST 5 pin female connector	3			
Male pin header 6 pin	1			
Male pin header 3 pin	1			
JST 2 pin female connector	4			
Female pin header 15 pin	2
